DETAILED ACTION

Claim Objections

1. Claim 12 is objected to because of the following informalities: at line 5, it appears that "provide" should be --provided--. Appropriate correction is required.

Claim Rejections - 35 USC. § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claims 1 and hence claims 2-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
4. Claim 1, line 4, the recitation of "two axially-aligned laterally spaced hulls" is confusing. It appears that the vessel can not have two hulls that are both axially-aligned and laterally spaced. Furthermore, it appears that the hulls are not axially-aligned.
5. Regarding claim 13, line 2, the phrase "or the like" renders the claim(s) indefinite because the claim(s) include(s) elements not actually disclosed (those encompassed by "or the like"), thereby rendering the scope of the claim(s) unascertainable. See MPEP § 2173.05(d).

Allowable Subject Matter

6. Claims 20-21 are allowed.
7. Claims 1-19 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
